

Easter pompoms

For Pompom Bunny

Tools

- Pom-Pom Maker, 20mm (Art No. 3127)
- Pom-Pom Maker, 35mm and 45mm (Art No. 3124)
- Patchwork Scissors Mini (Art No. 493/CW)
- Gold Eye chenille Needle (No. 18) (Art No. 234/18)
- All-purpose sewing needle

Materials

- A small amount of 4-ply soft pink
- A small amount of 4-ply white
- Felt fabric, pink and brown
- A pair of 5mm black beads
- Cotton thread, black and pink
- Fabric glue

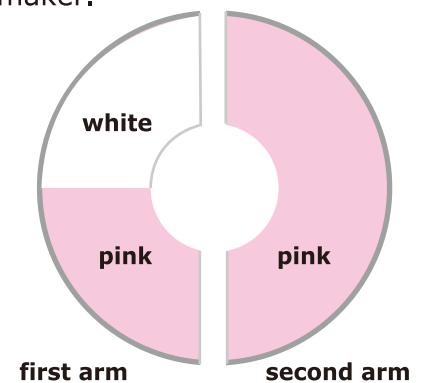

Designed by Sachiyo Ishii

Instructions:

- Using white and the 20mm pompom maker, make a pompom for the muzzle.
Leave a long yarn tail.
- For the head, make a pompom using yarn A and the 35mm pompom maker.
- Using the 45mm pompom maker, make the body pompom.
Wind top half of the first arm in white until it is full.
Wind the rest in soft pink.
Wind the second arm in soft pink only.
Finish making the pompom, leaving a long yarn tail.
- Attach the muzzle to head pompoms, using the long yarn tail.
- Connect the head and body pompoms with the long yarn tail.
Draw the yarn tight to connect the two pompoms securely.
Trim the bunny to shape.
- For the ears, cut out a piece of pink felt to the shape of the template.
Using a sewing needle and some thread, attach the ears to the head by threading through the flat edge of the ears.
- Attach the eye beads with black cotton thread.
Make sure to thread through the centre of pompom to attach them securely.
- Cut out a piece of brown felt to the shape of the nose template.
Glue it to the muzzle.

Bunny body:

Nose: cut 1 ○

Ears: cut 2

Easter pompoms

For Pompom chick

Tools

- Pom-Pom Maker, 25mm (Art No. 3127)
- Patchwork Scissors Mini (Art No. 493/CW)
- All-purpose sewing needle

Materials

- A small amount of 4-ply soft yellow
- Felt fabric, yellow
- A pair of 3mm black beads
- Cotton thread, black and yellow

Instructions:

1. For the body, make a pompom using the 25mm pompom maker in soft yellow. Trim to shape.
2. Attach eye beads with black cotton thread.

Make sure to thread through the centre of pompom.

3. For the beak, cut out a piece of yellow felt to the shape of the template.

Using a sewing needle and some thread, attach the beak to the face by threading through the flat edge of the beak, sewing it into a downward curve, and fasten off securely.

Beak: cut 1
